

## 2022 Conference & Graduation

Greetings,

The countdown for the 2022 conference continues.

If you have not registered or booked your room, I urge you to do so.

I also want to remind you of another countdown that is occurring this very week - the countdown to Calvary. However, the countdown does not end there. Fifty days after Resurrection Sunday, an extraordinary event called Pentecost occurred when God sent the Holy Spirit to the apostles in Jerusalem beginning the Christian church newly rooted in the New Covenant.

Like the apostles, we are called to proclaim to the world that there is neither Jew nor Gentile but one new person in Christ to those who believe and receive!

Therein lies the mandate of every ministry that is part of our conference. To train and equip a multi-generational, Spirit-empowered, Jesus-loving people who are bonded in sharing the life-changing story of Christ.

Grace & Peace,  
Dr. Charles Travis

Bruce is a graduate of Lee University, married for 35 years to his wife, Rhonda, father to 5 daughters and grandfather to eight grandsons and one granddaughter. Bruce founded City of Refuge in 1997 with a desire to bring light, hope and transformation to one of Atlanta's most difficult neighborhoods. Now, 24 years later, City of Refuge provides housing, medical, dental and vision care, mental health services, childcare, vocational training and placement programs and a host of other services to those marginalized in Atlanta. The organization serves the homeless, victims of domestic violence and those who have survived sex trafficking and exploitation, along with those living in poverty in zip code 30314. Over the past 2 decades more than 25,000 individuals have benefitted from the services offered by City of Refuge. Bruce has been honored in many arenas ranging from private organizational honors to being recognized by the City of Atlanta, the Governor of Georgia as well as People Magazine and Major League Baseball. Bruce is a member of the President's Public-Private Advisory Council to end Human Trafficking. He is a sought after speaker and presenter in both public and private venues and serves as a consultant to numerous non-profit organizations. Bruce is the author of the newly released book, Trust First, where he shares true stories about the men and women who fell through the cracks in our social services system, and shows the power of radical trust to change lives.
